RIGHT HERE, RIGHT CARE

Individual Maintenance Services

*Subject to time and mileage exclusions

Fuel Induction Service

Using specialized equipment & products, our technicians will quickly and effectively clean fuel injectors, intake manifolds, ports, intake valves, throttle body & combustion chamber. This service will restore lost power and performance and will reduce harmful exhaust emissions.

* Recommended every
18 months or 36,000 km

\$259.95

Engine Performance Restoration

Today's engines are high-tech, efficient and fun to drive. High-tech technology equipment requires a high-tech solution to clean oil related deposits. We use the latest chemistry to safely and thoroughly remove deposits from the crankcase and piston ring lands to restore engine efficiency and performance. We then add the industry leading oil conditioner to fortify the oil keeping acid build up down, seals soft and keep your vehicle reliable, fuel efficient and fun to drive.

* Recommend every 3rd oil
change / if interval was exceeded

\$74.95

Automatic Transmission Service

Using the latest in state of the art technology, we will install a safe and effective cleaner to suspend harmful varnish and sludge from the transmission valve body, torque converter and lines. Then install new transmission fluid fortified with high-tech conditioners.

* Recommended every
48 months or 84,000 km

\$309.95

Cooling System Service

Using a cooling system cleaner to remove scale and sediment build up, we then back flush the radiator, engine block, heater core, and hoses exchanging old coolant with new coolant. We then add a cooling system conditioner to fortify the protective components of the fluid to keep your cooling system at peak performance.

* Recommended every
24 months or 48,000 km

\$204.95

Brake System Fluid Exchange

Using the latest equipment, our technicians will vacuum and transfuse the complete brake system and replenish system with fresh brake fluid.

* Recommended every
24 months or 48,000 km

* Or when pads/ rotors are replaced
